

the **Power of 19** honoring our community's collective
Power of healing, Power of strength and Power of collaboration

A virtual luncheon in support of Collaboration Center Foundation's Pathways Care Coordination Program ensuring individuals and families living with disabilities receive the resources they deserve during this challenging time.

Collaboration Center is a community for inclusion, focused upon family and peer engagement, social interaction, recreation, therapy and education, providing an opportunity to learn, socialize, and thrive with family, typical peers and others with special abilities in the Southern Nevada community.

Our vision is to develop a family-centered comprehensive campus that will house providers, agencies and non-profits serving those with different and unique abilities, and their families. Collaboration Center will operate as a 501c3 organization owned by the Collaboration Center Foundation, with the sole purpose of creating collaborative partnerships from different service disciplines, serving individuals, peers and family members living with Intellectual, Developmental and Physical Disabilities (I/DD/PD) over the lifespan.

Power of 19 is an event celebrating the power of healing, strength and collaboration with our community, and will serve to support our Pathways Care Coordination Program, wherein we guide individuals, family members, caregivers and partners towards the resources and funding available in our community, and at our future campus.
