CHANGING THE WORLD ONE INSURANCE POLICY AT A TIME.
WHO WE ARE

MINORITY OWNED. INDEPENDENT. DIVERSE. IMPACTFUL.

A lifetime of witnessing and experiencing loss taught the Branch family that insurance is critical to making a family and a business whole in the wake of the most turbulent times they might endure. Those challenges are always unique to each individual, which is why we value, seek out, cultivate and empower a team that is diverse in every possible way.

We recognize that people bring their entire selves to work and leverage the ways in which our staffs’ cultures, backgrounds, experiences and personalities make them think differently. At Branch Benefits Consultants, we foster a "people first" culture and invest in relationships within and outside of our organization.
Lifestyle Protection - that’s truly what insurance is. Whether you are looking for coverage to protect you, your family, your business or employees, we are here to help.

COMMERCIAL INSURANCE

Whether you are starting a new business or trying to maintain your existing one, having the proper insurance coverage is as much of a necessity as having a strategic business plan.

PRODUCT KNOWLEDGE

Experience and perspective count when it comes to managing your risk. Your company faces certain risks and deserves a partner who will actively listen and understand your concerns.

RISK IDENTIFICATION & ANALYSIS

We will identify current and future risks to your business and also conduct a detailed examination of exposure vs. historical data with the target of identifying patterns and loss drivers.

RISK CONTROL

Putting the proper coverage in place is only the beginning, our consultants will work with you and your insurance carrier to create specific strategies to avoid, prevent and reduce your business exposure to loss.

ACCESS

Your business is unique and has specific needs. Our strategic partnerships enable us to offer access to a variety of markets and products, ensuring your business is covered properly.
EMPLOYEE BENEFITS

Saving money on employee benefits while attracting and retaining the best and the brightest is a must in today’s economy. Because both benefit costs and employee expectations are rising, many employers struggle to balance employee needs with their own capabilities and bottom lines.

PLAN STRATEGY

We will make recommendations to help you enhance your plan offerings while remaining competitive and reducing overall plan costs.

HEALTHCARE REFORM

It takes constant dedication to keep up with the latest healthcare reform regulations. We have resources to keep you informed on those changes to ensure you are prepared.

PLAN ADMINISTRATION AND LEGISLATIVE COMPLIANCE

Stay in compliance with our easy-to-read legislative briefs and guides. Also share resources and information with a community of knowledgeable professionals like you from all over the country through your personalized client portal site.

CUSTOM COMMUNICATIONS

Assistance with employee communication regarding benefit announcements, employee newsletters, and health and wellness resources.
PERSONAL INSURANCE

You deserve to feel safe in the life you’ve worked so hard to build for you and your family. It’s easy to forget about protection with the excitement of purchasing a new home, car or anything of value.

HOME

Buying a home is probably one of the biggest investments you will make in your lifetime. Ensuring that your home or rental property has the proper coverage in place is essential. Don’t wait for a loss to learn that your coverage wasn’t adequate.

AUTO

Our main objective is to educate our clients on what an auto policy covers as well as the limitations and options.

UMBRELLA

With a personal umbrella liability policy, you are protected if you cause accidental injury to someone else or damage to property. This is coverage "on top of" your homeowners and auto policy.

LIFE

Life insurance can provide relief to your family and friends by avoiding monetary stress during what is already a difficult time.
COMMITMENT TO COMMUNITY

AGENTS OF Change

We are dedicated to impacting our community by doing what we can to help others live well and thrive. Every three months we will identify a child, family, or foundation that could use a helping hand. Our mission is to bring awareness to the awarded cause and make a donation to significantly impact someone's life.

COMMUNITY CAUSE CAMPAIGN

For every person that you recommend to us that receives a no-obligation quote we will make a $10 donation on your behalf to the current Community Cause.
